Forty-third session  
2–20 November 2009

List of issues prior to the submission of periodic reports by State parties∗

Sixth and seventh periodic reports of Denmark  
(CAT/C/DNK/6-7)

Specific information on the implementation of articles 1 to 16 of the Convention, including with regard to the Committee previous recommendations **

Articles 1 and 4

1. Please provide updated information on any changes in the State party’s position on incorporating the Convention into Danish law, as recommended by the Committee in its previous concluding observations (para. 9).

2. In its previous concluding observations, the Committee expressed its concern about the absence of a specific crime of torture, consistent with articles 1 and 4, paragraph 2, of the Convention, in the Danish Criminal Code and the Military Criminal Code (para. 10). Please elaborate on the State party’s decision to refer to torture merely as aggravating circumstances in relation to existing crimes in the Criminal Code, instead of introducing a specific crime of torture. Please indicate whether, despite this change in legislation, acts of torture as well as attempts and complicity or participation to commit torture can still be subject to the statute of limitations.

* The present list of issues was adopted by the Committee at its forty-third session, according to the new optional procedures established by the Committee at its thirty-eight session, which consists in the preparation and adoption of lists of issues to be transmitted to States parties prior to the submission of their respective periodic report. The replies of the Stat party to this list of issues will constitute its report under article 19 of the Convention.

** Paragraph numbers in brackets refer to the previous concluding observations adopted by the Committee (CAT/C/DNK/CO/5).

Please provide information on any steps taken to review the procedure of legal challenges of deprivation of liberty under article 37 of the Aliens Act to ensure its effectiveness in practice.

4. The European Committee for the Prevention of Torture and Inhuman or Degrading Treatment or Punishment (CPT) stressed, in its report to the Danish Government on its visit to Denmark in February 2008, that the use of police-imposed restrictions on remand prisoners’ contacts with the outside world should be limited to the strict minimum necessary for investigation purposes (CPT/Inf (2008) 26, para. 44). Please provide details about steps taken by the State party in response to this recommendation.

Article 3

5. With reference to the previous concluding observations of the Committee, please provide information on any steps taken by the State party to ensure that it complies fully with article 3 of the Convention with regard to the transfer of detainees, including detainees in custody of the State party’s military forces, wherever situated, even if the State party’s forces are subjected to operational command of another State (para. 13).

6. In particular, the Special Rapporteur and the Human Rights Committee expressed their concern that the State party had recently considered relying on “diplomatic assurances to return suspected terrorists to countries known for practicing torture” (A/HRC/10/44/Add.2, paras. 67-69, 77 and 78(f) and CCPR/C/DNK/CO/5, para. 10). Please provide detailed information on the steps taken by the State party to address this concern. Please indicate whether the State Party monitors the treatment of such persons after their return and takes appropriate action when the assurances are not fulfilled.

7. Please elaborate on the status and possible outcome of the investigation by an inter-ministerial working group into alleged CIA rendition flights through Denmark and Greenland. Please provide information on steps taken by the State party to establish an inspection system to ensure that its airspace and airports are not used for such purposes, as recommended by the Human Rights Committee (para. 9).

If so, please provide information on the status and outcome of such proceedings.

Article 10

9. Please provide information on:

   (a) Measures taken by the State party to review and strengthen its education and training programmes relating to the use of force, including the use of weapons, by law enforcement officials in order to ensure that the use of force is strictly limited to that required to perform their duties, according to the Committee’s previous recommendations (para. 16). Please provide information on the new instructional material on the education and training of police officers developed in 2008 by the Police College and its impact and

(b) The steps taken by the State party to address the concern expressed by the Committee over the use of prolonged solitary confinement in pre-trial detention, as a form of punishment for disciplinary infractions or in order to manage certain categories of convicted prisoners, which had also been voiced by the Human Rights Committee (CCPR/C/DNK/CO/5, para. 11), CPT (CPT/inf (2008) 26, paras. 41-42) and the Special Rapporteur (A/HRC/10/44/Add.2, paras. 44-45, 74 and 78(b)).

(c) The steps taken to ensure that solitary confinement of persons under the age of 18 is limited to only very exceptional cases.

12. With regard to persons suspected of offences against the independence and security of the State (chapter 12 of the Criminal Code) or against the Constitution and the supreme authorities of the State (chapter 13 of the Criminal Code) who may be held indefinitely in solitary confinement during their pretrial detention, the Committee recommended that the State party should ensure respect for the principle of proportionality and establish strict limits in its use (para. 14). Please indicate the steps taken by the State party in response to the Committee’s recommendation.

13. Please provide updated information on any steps taken by the State to monitor the use and effects of solitary confinement and the effects of the amendments of the Administration of Justice Act. 15. The Special Rapporteur remained concerned about the practice of non-separation of men and women in prisons and in this respect urged the State party to ensure that communal living arrangements are always voluntary and that appropriate safeguards protecting women are put in place and continuously monitored (A/HRC/10/44/Add.2, paras. 58-63, 73 and 78(e)). Please provide information on the measures taken in response to these recommendations.

16. With reference to the Committee’s previous concluding observations, please indicate steps taken to address the concern of unduly long waiting periods in the asylum centres (para. 17). Please inform the Committee if there are, inter alia, educational and recreational activities as well as adequate social and health services provided for both children and adults living in asylum centres?

17. Please provide information, including statistics, on the number of complaints of torture and ill-treatment filed since the previous report, their investigation and prosecution and results of the proceedings, both at the penal and disciplinary levels. This information should be disaggregated by sex, age and ethnicity of the victim.

18. In light of the previous concluding observations of the Committee, please provide detailed information on any measures taken to ensure a prompt, impartial and effective complaint system to undertake investigations into all allegations of violations committed by law enforcement officials, in particular when a person dies or is seriously injured following contact with law enforcement officials, including in detention (paras. 15 and 16). In this respect, please provide information on the status and outcome of the review and evaluation of the current system for handling complaints against the police and processing criminal cases against police officers.
