Part I

1. Please provide information on the human, technical and financial resources available for the implementation and coordination of the Fourth National Plan of Actions and Interventions for the Protection of the Rights and Development of Children and Adolescents of 2016, and on the establishment of a national data collection and monitoring system on issues related to children.
2. Please provide information on measures taken to strengthen the independence and mandate of the National Authority for Childhood and Adolescence to effectively provide comprehensive protection to children in coordination with existing regional ombudspersons' offices. Please update the Committee on the creation of a national human rights institution that complies with the principles relating to the status of national institutions for the promotion and protection of human rights (the Paris Principles).
3. Please provide information on how the State party ensures that its policies, strategies, laws, practices and mechanisms to prevent and combat the discrimination of certain groups of children, e.g., children living in families with lesbian, gay, bisexual, transgender or intersex parents, or who are themselves lesbian, gay, bisexual, transgender or intersex, children born to unmarried parents, children living in single-parent families, asylum-seeking, refugee or migrant children, and Roma, Sinti and Caminanti children, are effective. Please explain how the State party guarantees the rights of Roma children when their camps are dismantled.
4. Please provide information on the steps taken to streamline the procedures for acquiring Italian citizenship for children born in Italy to non-citizen parents who would otherwise become stateless.
5. Please clarify the progress made in the State party's legislation to prohibit violence against children, including explicitly prohibiting corporal punishment at home. Please also provide information on the impact of Act No. 71/2017 for the protection of children from

cyberbullying, and if any of the policies, strategies and plans on violence against children listed in the State party's report (see CRC/C/ITA/5-6, paras. 85–99) have been renewed.

6. Please provide information on how the Observatory to Counter Paedophilia and Child Pornography has been operating since it was revitalized in 2016 and its data collection system strengthened. Please also provide clarification on how the State party addresses the consequences of impunity for child sexual abuse committed by clerics in view of article 4 of the 1985 revised Lateran Pacts, which does not require ecclesiastics to divulge any such information to the authorities.

7. Please provide updated information on the progress made towards the deinstitutionalization of children deprived of a family environment as per Act No. 149/2001, including on the creation of a corresponding national register, and the results of the surveys mentioned in the State party's report (see CRC/C/ITA/5-6, paras. 118 and 121). Please also provide information on the implementation of the guidelines for family foster care and on out-of-home care across all regions.

8. Please provide information on measures taken to address and eradicate child poverty across all regions, including on the adoption of the National Plan for Combating Poverty and Social Exclusion.

Please provide information on the measures taken to ensure that all children, including non-citizen children, have access to quality education in schools and day-care centres, including early childhood education, across all regions. Please describe the impact of the National Strategy for the inclusion of Roma, Sinti, and Caminanti Communities 2012–2020 and the 2016 project "*La scuola al centro*," in particular on the educational inclusion of students from these communities outside the main municipalities of the State party (Rome, Milan, Naples and Palermo), and the conservation of the Romani language as an educative and inclusive tool.

13. Please provide information on the implementation of the Optional Protocol to the Convention on the Rights of the Child on the sale of children, child prostitution and child pornography, in particular on the National Plan for the Prevention and Fight against Abuse and Sexual Exploitation of Children, including time frames and budget allocations, measures focusing on children who are at particular risk of abuse and exploitation, as well as measures to ensure the rehabilitation of child victims.
