Committee on the Rights of the Child

List of issues prior to submission of the combined sixth and seventh reports of Romania*

1. The State party is requested to submit in writing the information requested below, of 21,200 words maximum, by 15 June 2024. The replies should take into consideration the Committee's recommendations contained in its concluding observations on the fifth periodic report of the State party.¹ The Committee may take up all aspects of children's rights set out in the Convention and the Optional Protocols thereto during the dialogue with the State party.

I. New developments

2. The Committee requests the State party to provide:

(a) Information on the adoption or reform of laws, policies and programmes and any other type of measures taken, such as the creation or reform of institutions, that are significant for the implementation of the Convention and the Optional Protocol on the involvement of children in armed conflict and the Optional Protocol on the sale of children, child prostitution and child pornography;

(b) Information on the impact of the measures taken to mitigate the adverse effects of the coronavirus disease (COVID-19) pandemic;

(c) Any other information that the State party considers relevant in regard to subparagraph (a) above and that is not covered in the replies to the questions below, including information on obstacles and challenges faced;

(d) Information on policies aimed at supporting children displaced from Ukraine due to the armed attack by the Russian Federation;

3. The Committee also requests the State party to provide information on how a child rights-based approach is integrated into the planning, implementation and monitoring of measures for achieving the Sustainable Development Goals, including with regard to the participation of children and data collection, and how such measures promote the realization of children's rights under the Convention and the Optional Protocols thereto.

II. Rights under the Convention

A. General measures of implementation (arts. 4, 42 and 44 (6))

Legislation

4. Please provide information on the following:

* Adopted by the pre-sessional working group on 5 May 2023.

¹ CRC/C/ROU/CO/5.

(a) The measures taken to ensure the implementation of Law No. 191/2022 amending Law No. 272/2004 on the promotion and protection of the rights of the child, particularly regarding the obligation of residential facilities to limit their capacity to 12 children and regarding the right of children to social assistance;

(b) The status of the draft law on the prevention of separation of children from families, the draft amendments to Law No. 292/2011 on social assistance and the draft laws on pre-university education and on university education. Please indicate how they are aligned with the provisions of the Convention;

(c) The measures taken, including with regard to resource allocation and capacity-building, and the mechanisms in place to ensure the coordinated implementation and monitoring of the new legislation and how children and children's organizations were involved in the amendment process;

(d) The efforts made to ratify the Optional Protocol on a communications procedure.

Comprehensive policy, strategy and coordination

5. Please provide information on the following:

(a) The status of the draft national strategy for child rights (2022–2027) and the associated operational plan, whether they cover all areas of children's rights under the Convention, and the resources allocated for implementation;

(b) The measures taken to put in place mechanisms for the monitoring, evaluation and cross-sectoral implementation of the draft national action plan for the European Child Guarantee;

(c) The measures taken to ensure adequate coordination of the activities related to the implementation of the Convention and the National Strategy on the Protection and Promotion of Children's Rights 2014–2020 at all levels and the roles of the coordinating committee for the protection and advancement of children's rights and the National Authority for the Protection of the Rights of the Child and Adoption in this regard.

Independent monitoring

6. Please provide information on the measures taken:

(a) To support the accreditation of the Office of the Ombudsman and guarantee its full independence in line with the principles relating to the status of national institutions for the promotion and protection of human rights (the Paris Principles);

(b) To strengthen the capacity of the Office of the Children's Ombudsman to promote and protect children's rights, including through staff training on the rights of the child and related matters;

(c) To increase the visibility of the Children's Ombudsman, particularly among children, and to enhance dialogue with children and civil society;

(d) To ensure that the complaint mechanism is child-friendly.

Allocation of resources

7. Please provide information on the following:

(a) The measures taken to establish a budgeting process that includes a child-rights perspective, with clear allocations for children, specific indicators and a tracking system to monitor and evaluate the adequacy, efficacy and equitability of public expenditure on children, and to address challenges in this regard, particularly with regard to the insufficient amount of disaggregated data, the mapping of the existing capacities, fiscal transparency and accountability and the different levels of centralization of the key sectors, such as health and education;

(b) The measures taken, and further plans, to increase public expenditure on social and child protection; health, especially primary health care; education, especially at the preschool and primary levels; and children in vulnerable situations;

(c) The mechanisms in place to ensure a transparent and participatory budgeting process, involving children in particular, and to eradicate corruption.

Data collection

8. Please inform the Committee about the efforts made to improve the collection and analysis of disaggregated data, including by unifying terminology and reporting methods and strengthening data-sharing between sectors, to ensure that the data cover all areas of the Convention. In particular, data should cover children in vulnerable situations, including Roma children; children living in poverty; children with disabilities; refugee and asylum-seeking children, including Ukrainian children; adolescent pregnancy; and mental health. In this regard, please provide information on plans to conduct the Multiple Indicator Cluster Survey to close the gaps in disaggregated data on vulnerable groups.

Dissemination, awareness-raising and training

9. Please provide information on:

(a) Awareness-raising programmes, including campaigns and education programmes, targeting children in vulnerable situations, especially Roma children, children in rural areas, children in institutions and children with disabilities, and systematic training provided to relevant professional groups, at the national and local levels, on the provisions of the Convention, the Optional Protocols thereto and the Committee's concluding observations on the fifth periodic report of the State party;

(b) The plans to translate the Committee's general comments into Romanian.

Cooperation with civil society

10. Please provide information on the efforts made:

(a) To develop a transparent system of contracting civil society organizations for the delivery of social services;

(b) To involve non-governmental organizations and children's rights groups in the implementation and monitoring of the Convention and the Optional Protocols thereto and to strengthen their capacity in this regard, including by establishing a transparent system of contracting civil society organizations for the delivery of social services to complement the Government's efforts, as previously recommended, and ensuring access to sustainable funding and financing.

Children's rights and the business sector

11. Please provide information on the efforts made to engage the business sector on children's rights and to establish a regulatory child protection framework for companies operating under the jurisdiction of the State party, particularly in the area of online gambling and betting, including policies, legislation, regulations, mechanisms for conducting child rights impact assessments, monitoring and evaluation, and access to justice, in order to report and address children's rights violations.

B. Definition of the child (art. 1)

Minimum age for marriage

12. Please describe the progress made in amending the legislation to remove exceptions that allow marriage below the age of 18 and in ending child marriage.

C. General principles (arts. 2, 3, 6 and 12)

Non-discrimination

13. Please provide information on:

- (a) The measures taken to address discrimination against children in vulnerable situations, in law and practice, including girls, children in rural areas, children living in poverty, Roma children, children with disabilities, children in institutions, asylum-seeking and refugee children and LGBTQI+ children, and to ensure that they have access to education, health care and a decent standard of living on an equal basis with other children;
- (b) The measures taken to address segregation and hate speech against Roma children, particularly in school;
- (c) The monitoring and complaint mechanisms open to children and their parents or legal guardians in cases of discrimination, particularly in school;
- (d) The proposed amendment (No. 243/2022) to Law 272/2004, which affects LGBTQI+ children as it suggests protecting children against the “popularization” of homosexuality or sex change.

Best interests of the child

14. Please inform the Committee about the measures taken to ensure that the principle of the best interests of the child is used to assess new policies and legislation, including measures to establish an impact assessment mechanism; that professionals working with and for children receive systematic training and guidance to be able to understand and apply the principle, including in administrative and judicial proceedings; and that children have access to services.

Respect for the views of the child

15. Please provide information on the measures taken:

- (a) To encourage, promote and support the participation of children, particularly children in vulnerable situations, including children with disabilities, Roma children, children in institutions and children in rural and remote areas, and ensure that their views are taken into account, including in the implementation and evaluation of relevant policies and programmes;
- (b) To strengthen mechanisms for child participation, including the National Students Council and child-led groups, including through the provision of capacity-building and human and financial resources, to enable children to effectively contribute to the decision-making process;
- (c) To establish complaint mechanisms accessible by students who have been subjected to violations of their right to participation under the Law on national education and the Pupil's Statute;
- (d) To train relevant professionals on the right of the child to be heard;
- (e) To encourage child participation in decisions regarding environmental degradation and climate change.

D. Civil rights and freedoms (arts. 7, 8 and 13–17)

Birth registration, name and nationality

- (b) To revise the Citizenship Law to include safeguards against statelessness at birth and to establish a dedicated statelessness determination procedure;
- (c) Collect disaggregated data on stateless children.

Access to appropriate information

17. Please provide information on the measures taken:

- (a) To encourage companies to comply with the Committee's general comment No. 25 (2021) on children's rights in relation to the digital environment, including by protecting children's personal data, creating accessible complaint processes and developing policies and mechanisms to protect children from violence, excessive screen use and online bullying;
- (b) To ensure access to appropriate information and protection from harmful contents, including disinformation and fake news, harmful products and online risks;
- (c) To ensure access to the Internet and digital technologies countrywide, as well as to promote digital skills among, and access to media literacy education for, all children, in particular children in vulnerable situations, especially Roma children, children in rural areas, children in institutions and children with disabilities, and their parents or caregivers and teachers;
- (d) To ensure safe and meaningful participation by children in online environments, including by building the capacity of the media to support child participation and promote children's rights and by encouraging the media to create spaces and opportunities for children to be heard;
- (e) To provide child-friendly, evidence-based information on environmental and climate-change issues.

E. Violence against children (arts. 19, 24 (3), 28 (2), 34, 37 (a) and 39)

Corporal punishment

18. Please provide information on the measures taken to end the practice and social acceptance of corporal punishment in all settings, including at home, in schools, in day care and in alternative care facilities, and to promote positive, non-violent and participatory forms of child-rearing and discipline, including awareness-raising and education programmes for parents, teachers and care professionals, including on the adverse consequences of corporal punishment on children.

Freedom of the child from all forms of violence

19. Please provide information on:

- (a) Existing policies, strategies and action plans to prevent and protect children from all forms of violence in, inter alia, childcare and alternative-care settings, the justice system and online, including in particular bullying, cyberbullying and sexual exploitation and abuse in school;
- (b) Resources dedicated to monitoring, preventing and responding to the risks of abuse and neglect in the family environment;
- (c) Measures taken to train and support relevant professionals in identifying and referring cases of abuse and neglect in the family environment;
- (d) Comprehensive specialized support, including forensic interviews, psychological therapy and social integration assistance, and avenues for reporting and seeking justice available to children who are victims of violence, including sexual violence, abuse and neglect;

(e) The reporting, investigation and prosecution of cases of violence against children since 2017, including cases of rape resulting in pregnancy and cases of violence in institutions, and the sanctions imposed, and on the measures taken to end impunity.

Harmful practices

20. Please provide information on:

(a) The measures taken to address social norms and cultural practices that lead to child marriage and that serve to justify adolescent pregnancy and the use of violence, including corporal punishment;

(b) Any regulation of and protocol for the treatment of intersex children, including non-consensual medical or surgical interventions.

F. Family environment and alternative care (arts. 5, 9–11, 18 (1) and (2), 20, 21, 25 and 27 (4))

Family environment

21. Please provide information on children left behind by a parent or parents working abroad, disaggregated by age, sex, ethnicity, nationality, disability, region, socioeconomic situation, form of care and any temporary delegation of parental rights, and on the measures taken:

(a) To ensure that children of parents working abroad have proper access to education, including education on reproductive health, and to health care, social benefits and identity documents;

(b) To promote the equal sharing of family responsibilities and support parents in taking care of children, especially young children, and to encourage parents to spend quality time with their children;

(c) To allocate adequate resources for early identification or detection of families at risk, to expand the social service workforce and increase the provision of training for such workers in that area, to provide family support services to prevent family separation and to facilitate the reintegration of children into their families; please include, in particular, references to children in rural, remote and marginalized communities, economically deprived families and families at risk of poverty when providing this information;

(d) To collect data to assess needs and develop capacity-development plans in the area of community-based and social services, including day-care and recovery centres, particularly with regard to children with disabilities and children in other vulnerable situations.

Children deprived of a family environment

22. Please provide information on:

(a) The progress made in the implementation of the plan for deinstitutionalizing children in residential care and ensuring their transition to community-based care, adopted in 2016, and the measures taken to reduce the number of children who enter the system, and to support the transition to community-based services, in particular with regard to children with disabilities, Roma children and children below 7 years of age;
