## Committee against Torture

### List of issues prior to submission of the fifth periodic report of Liechtenstein\*

#### Specific information on the implementation of articles 1–16 of the Convention, including with regard to the Committee’s previous recommendations

##### Follow-up questions from the previous reporting cycle

1. In its previous concluding observations (see CAT/C/LIE/CO/4, para. 28),<sup>1</sup> the Committee requested Liechtenstein to provide further information regarding areas of particular concern identified by the Committee, namely the definition of torture and statute of limitations; the treatment of persons deprived of their liberty; violence against women; and training (paras. 11, 17, 21 and 27). Noting that a reply concerning the information sought by the Committee was provided on 21 December 2016 (CAT/C/LIE/CO/4/Add.1) and with reference to the letter dated 10 May 2018 from the Committee’s Rapporteur for follow-up to concluding observations, the Committee considers that the recommendations included in paragraphs 11, 17, 21 and 27 mentioned above have been partly implemented (see paras. 2, 3, 7, 12 and 16 of the present document).

##### Articles 1 and 4

2. With reference to the Committee’s previous concluding observations (para. 11) and taking note of the information provided by the State party in its follow-up reply (see CAT/C/LIE/CO/4/Add.1, para. 3), please provide updated information on the outcome of the activities of the working group set up by the Ministry for Home Affairs, Justice and Economic Affairs regarding possible revisions to the Criminal Code, and on any measures taken to incorporate a distinct crime of torture into the Criminal Code, in conformity with article 1 of the Convention. Please indicate whether the definition would contain adequate provisions for the prosecution and conviction of perpetrators and accomplices of such acts before ordinary criminal courts<sup>2</sup> and ensure that offences amounting to torture carry penalties commensurate with the gravity of the crime.

3. Also with reference to the Committee’s previous concluding observations (para. 11), please provide information on any steps taken to ensure that acts of torture are not subject to any statute of limitations, so that the crime of torture can be investigated, prosecuted and punished without risk of impunity.

\* Adopted by the Committee at its sixty-third session (23 April–18 May 2018).

<sup>1</sup> Unless otherwise indicated, paragraph numbers in parentheses refer to the previous concluding observations adopted by the Committee.

<sup>2</sup> See CCPR/C/LIE/CO/2, para. 30 (d).

**Article 2<sup>3</sup>**

4. With reference to the Committee's previous concluding observations (para. 13), please indicate whether the Code of Criminal Procedure has been amended to introduce mandatory audio and video recording of all police interrogations and questioning<sup>4</sup> as a basic safeguard to prevent torture and ill-treatment. In addition, please indicate whether there is an independent mechanism within the legal system, but separate from the police, which investigates allegations of torture and ill-treatment.<sup>5</sup>

5. Please indicate whether juveniles may be subjected to questioning by the police and requested to sign statements without the presence of a lawyer or trusted person and whether the State party has a full-fledged and properly funded system of legal aid for indigent persons. Also, please indicate whether there is an electronic or paper custody register at the National Police Headquarters.

6. With reference to the Committee's previous concluding observations (para. 15), please indicate whether legislation has been amended during the period under review to ensure complete separation between the functions of investigation and detention so that the Ministry of Justice has full and exclusive competence over the penitentiary system, as recommended by the Corrections Commission. Please also indicate whether the formal and effective separation of premises has been carried out with regard to those under the control of the National Police.

7. With reference to the Committee's previous concluding observations (para. 17) and taking note of the information provided by the State party in its follow-up reply (see CAT/C/LIE/CO/4/Add.1, paras. 5–7), please provide information on:

(a) The results of the activities of the working group appointed by the Government to explore ways to improve the situation of inmates in the national prison, including work, leisure activities and the facilitation of their return to social life;

(b) The results of the work of the working group set up in 2016 composed of representatives of the Ministry of Justice, the police, the social welfare authority, prison management, the judiciary and the probation service regarding the future execution of sentences in the country;

(c) Whether persons arriving in the national prison are examined by an independent medical doctor within 24 hours of arrival, and on the effectiveness of the service agreement for the delivery of medication to prisoners, concluded with the Family Assistance Liechtenstein association, instead of that service being provided by qualified medical staff, in line with international standards.

8. With reference to the Committee's previous concluding observations (para. 19), please provide updated information on any measures taken by the State party to ensure proper separation of detainees in Vaduz National Prison.

9. Please provide information about any amendments to the Execution of Sentences Act regarding a reduction in the duration of solitary confinement for disciplinary reasons, which can currently be up to four weeks, and whether juveniles are excluded from such measures.

10. Please provide information in relation to allegations of excessive use of force by law enforcement officials against illegal migrants, including both adults and juveniles.

<sup>3</sup> The issues raised under article 2 could also touch on issues raised under other articles of the Convention, including article 16. As stated in paragraph 3 of the Committee's general comment No. 2 (2007) on the implementation of article 2 by States parties, the obligation to prevent torture in article 2 is wide-ranging. The obligations to prevent torture and other cruel, inhuman or degrading treatment or punishment under article 16 (1) are indivisible, interdependent and interrelated. The obligation to prevent such ill-treatment in practice overlaps with and is largely congruent with the obligation to prevent torture. In practice, the definitional threshold between ill-treatment and torture is often not clear. See also chapter V of the same general comment.

<sup>4</sup> See CCPR/C/LIE/CO/2, para. 26.

<sup>5</sup> *Ibid.*, para. 30 (c).

11. With reference to the Committee's previous concluding observations (para. 25), please provide updated information on:

(a) Whether the law on the Liechtenstein Human Rights Association, which entered into force on 1 January 2017, has resulted in the creation of a national institution for the promotion and protection of human rights in Liechtenstein that is compliant with the principles relating to the status of national institutions for the promotion and protection of human rights (the Paris Principles);

(b) Whether the Association has been provided with adequate financial, administrative and personnel resources to effectively cover all elements of its comprehensive mandate to promote and protect human rights;<sup>6</sup>

(c) Whether the Association has sought accreditation with the Subcommittee on Accreditation of the Global Alliance of National Human Rights Institutions, and if so, with what results.
