5. Consideration of reports submitted by States parties under article 73 of the Convention

The Committee will consider the combined initial and second periodic reports of Nigeria, the second periodic report of Morocco and the third periodic reports of the Philippines and of El Salvador. It will adopt concluding observations on the reports.

The Secretary-General has informed the States parties concerned of the dates on which their reports are scheduled for consideration by the Committee, in accordance with its provisional programme of work.

At its fourteenth session, the Committee established a simplified reporting procedure,² which consists of the preparation and adoption of a list of issues and the transmittal thereof to the State party concerned prior to the submission of its report. The replies of the State party to the list of issues constitute its report under article 73 (1) of the Convention. In order to support an increased use of the simplified reporting procedure by States parties, the Committee decided, at its thirty-fifth session, that the procedure would be implemented on an opt-out basis, rather than opt-in, whereby the simplified reporting procedure under rule 33 (2) of its rules of procedure is henceforth the default procedure and the traditional reporting procedure the exception. The Committee will therefore adopt a list of issues prior to reporting for any State party to the Convention that has not explicitly requested use of the traditional reporting procedure, after States parties have been duly informed of the decision taken by the Committee. At its thirty-sixth session, the Committee will adopt lists of issues prior to reporting for the Niger and Seychelles.

6. Methods of work of the Committee

The Committee will discuss its methods of work, the harmonization of treaty body working methods and other issues arising from General Assembly resolution 68/268, on strengthening and enhancing the effective functioning of the human rights treaty body system, resolutions 73/162 and 75/174, on the human rights treaty body system, and resolution 76/160, on the promotion of equitable geographical distribution in the membership of the human rights treaty bodies.

7. Promotion of the Convention

The Committee will discuss its involvement in and support for various events and initiatives in promotion of the Convention, including meetings with stakeholders, days of general discussion and the preparation of general comments.

8. Adoption of the annual report

In accordance with article 74 (7) of the Convention, the Committee submits an annual report to the General Assembly on the implementation of the Convention.

The Committee will have before it for adoption a report on its thirty-fifth and thirty-sixth sessions.
