The Committee expresses its appreciation for the information received from the State party on those issues (see CAT/C/ROU/CO/2/Add.1), but considers that its recommendations have not been implemented (see paras. 3-4 and 6 below).

The obligations to prevent torture and other cruel, inhuman or degrading treatment or punishment under article 16 (1) are indivisible, interdependent and interrelated. The obligation to prevent such ill-treatment in practice overlaps with and is largely congruent with the obligation to prevent torture. In practice, the definitional threshold between ill-treatment and torture is often not clear. See also chapter V of the same general comment.
