Committee on the Rights of the Child

Seventy-sixth session

11-29 September 2017

Agenda item 4

Consideration of reports of States parties

List of issues in relation to the combined fifth and sixth periodic reports of Ecuador

The State party is requested to submit in writing additional, updated information (10,700 words maximum), if possible before 16 June 2017. The Committee may take up all aspects of children's rights set out in the Convention during the dialogue with the State party.

Part I

1. Please provide information on measures taken by the various levels of government (including decentralized autonomous governments and local authorities) to ensure that specialist staff and resources for children are available during the handover process from the national system for children and adolescents to the National Intergenerational Equality Council and from the specialized cantonal councils to the rights protection councils.
2. In relation to the information provided in paragraph 20 of the State party's report, please provide details of any public policies that are specifically targeted at the implementation of the rights of children and adolescents and explain how children and adolescents are involved in the monitoring of those policies. Please describe the existing mechanisms for coordination between the National Intergenerational Equality Council, the Ministry of Economic and Social Inclusion, the Ministry of Justice and local governments in the provision of special protection for children and adolescents.
3. With reference to the State party's report (see CRC/C/ECU/5-6, para. 24), please inform the Committee about the reporting and/or complaints mechanisms available through the Ombudsman's Office to respond to individual cases of violations of the rights of children and adolescents.
4. Please provide information on measures taken to combat the social stereotypes and prejudices that stigmatize children born into single-parent families and/or out of wedlock. Please provide information on the measures taken to eliminate discrimination against children and adolescents with disabilities, children and adolescents of African descent and lesbian, gay, bisexual, transgender and intersex (LGBTI) children and adolescents.
5. Please provide information on measures taken to prevent the separation of children and adolescents from their families, particularly children with intellectual and psychosocial disabilities, and to promote the deinstitutionalization of such children and their inclusion in society and the community. Please provide information on mechanisms for the monitoring

of residential and foster care and on measures to safeguard the principles of due process for children in the adoption process.

6. Please provide information on measures to ensure the right to peaceful demonstration for children and adolescents, including police procedural protocols to respect the integrity of children participating in public demonstrations.

7. Please provide information on steps taken to combat all forms of violence against children and adolescents, including sexual violence within and outside the home and at school, corporal punishment in all settings and bullying, including online harassment, in particular with regard to children with disabilities and lesbian, gay, bisexual, transgender and intersex children. Please provide information on measures to protect, rehabilitate and compensate children and adolescents who have suffered violence and to bring those responsible to justice.

8. Please provide information on measures to implement quality inclusive education, in particular as regards teacher training, changes to the curriculum, personal assistance schemes and accessibility. Please also provide information on plans to reduce the number of children and adolescents receiving special education. Please provide information on the results and current implementation of the Joaquín Gallegos Lara voucher scheme.

9. Please provide information on measures to counter the falling vaccination rate among children and adolescents and to tackle chronic malnutrition and early pregnancies, especially among girls aged 10 to 14 years.

10. Please provide information on measures to identify, register and protect unaccompanied and separated child asylum seekers and refugees. Please also provide information on measures to protect the lives and physical safety of children and adolescents in the northern border area and to prevent recruitment by armed groups and the exploitation of young girls for the purposes of domestic work or sex, and prevent murders and disappearances.

11. Please provide updated information on the measures taken to eliminate racial discrimination against children and adolescents of indigenous, African or Montubio descent, particularly in education, and on the progress made in the implementation of the Organic Act on Intercultural Education. Please indicate the consultation mechanisms in place to guarantee the right of indigenous children and adolescents to express their views in connection with projects to develop natural resources.

12. Please provide information on the scope of the specialized justice system for children and adolescents and on the number of judges, prosecutors and public defenders specializing in children's justice. Please provide information on the practical implementation of separation by age group in detention centres for juvenile offenders (see CRC/C/ECU/5-6, para. 211). Please also describe the official procedure that adolescents in those centres can use to report infringements of their rights and the means by which they can obtain information on the judicial proceedings related to their case and on their reintegration into society.

13. Please provide additional information on how all the offences covered by the Optional Protocol to the Convention on the Rights of the Child on the sale of children, child prostitution and child pornography are defined in law, what the established punishments for those offences are and what provisions are in place regarding the trial of alleged perpetrators. Please indicate whether any assessment has been carried out of the prevention, protection and rehabilitation programmes in place for child and adolescent victims of offences covered by the Optional Protocol and, if so, what the outcome of that assessment was.

14. Please provide information on measures taken to identify and register children arriving in the territory who may have been recruited or used in hostilities by armed groups abroad, as well as on measures to ensure the physical and psychological recovery of those children and their reintegration into society. Please also provide information on measures to investigate cases of the recruitment of children by non-State armed groups (see CRC/C/OPAC/ECU/CO/1, paras. 8, 10 and 18).

Part II

15. The Committee invites the State party to provide a brief update (no more than three pages) on the information presented in its report (CRC/C/ECU/5-6) with regard to:

- (a) New bills or enacted pieces of legislation and their accompanying regulations;
- (b) New institutions, their mandates and funding;
- (c) Recently introduced policies and programmes and their scope in the State party;
- (d) Recent ratifications of human rights instruments.

Part III
