Committee on the Rights of the Child

List of issues prior to submission of the seventh periodic report of Ecuador*

1. The State party is requested to submit in writing the information requested below (21,200 words maximum), if possible before 15 February 2023. The replies should take into consideration the Committee's recommendations contained in its concluding observations on the combined fifth and sixth periodic reports of the State party,¹ adopted on 29 September 2017. The Committee may take up all aspects of children's rights set out in the Convention and the Optional Protocols thereto during the dialogue with the State party.

I. New developments

2. The Committee requests the State party to provide:

(a) Information on the adoption or reform of laws, policies and programmes and any other type of measures taken, such as the creation or reform of institutions, that are significant for the implementation of the Convention and the Optional Protocols thereto;

(b) Information on the measures taken to ensure the protection of children's rights in the context of the coronavirus disease (COVID-19) pandemic and to mitigate the adverse effects of the pandemic, in view of the Committee's statement of 8 April 2020 on the effects of the COVID-19 pandemic on children;

(c) Any other information that the State party considers relevant in this regard and that is not covered in the replies to the questions below, including information on obstacles and challenges faced.

3. The Committee also requests the State party to provide information on how a child rights-based approach is integrated into the planning, implementation and monitoring of measures for achieving the Sustainable Development Goals, including with regard to the participation of children and data collection, and how such measures promote the realization of children's rights under the Convention and the Optional Protocols thereto.

II. Rights under the Convention and the Optional Protocols thereto

A. General measures of implementation (arts. 4, 42 and 44 (6))

Legislation

4. Please provide information on the following:

* Adopted by the pre-sessional working group on 1 October 2021.

¹ CRC/C/ECU/CO/5-6.

- (a) How the provisions of the Convention are incorporated into national legislation, in particular the draft organic code for the comprehensive protection of children and adolescents;
- (b) Whether any legal reform maintains the speciality concerning the rights of the child and protects children as right holders of all the rights set forth in the Convention;
- (c) Whether a procedure has been put in place for child rights impact assessments for any proposed policy, legislative, regulatory, budget, international cooperation or other administrative decision that affects children's rights.

Comprehensive policy and coordination

5. Please provide information on the following:

- (a) How the decentralized national system for the comprehensive protection of children and adolescents coordinates activities relating to implementation of the Convention in the State party at cross-sectoral, national, regional and local levels and allows for specificity with regard to the rights of the child;
- (b) How the National Council for Intergenerational Equality and cantonal councils for the protection of rights reinforce and uphold the specificity and interdependence of all children's rights;
- (c) National and local policies, plans and strategies affecting children, including the Plan Nacional para el Buen Vivir, 2017–2021, addressing the rights of the child as set out in the Convention, including information on financing, resources, monitoring and evaluation;
- (d) Implementation of systemic reforms in areas affecting children, such as violence, child justice, reproductive health and protection of groups in vulnerable situations, including migrant children and adolescents, and lesbian, gay, bisexual, transgender and intersex children and adolescents.

Allocation of resources

6. Please provide detailed information on measures taken to:

- (a) Incorporate a child rights-based approach into the State budgeting process and specify clear allocations for children in vulnerable situations, including children and adolescents from ethnic minorities, Afro-Ecuadorian children, asylum-seeking, refugee and migrant children, and children with disabilities;
- (b) Establish a system to identify budget allocations and expenditure on children by specific ministries so as to guarantee an objective assessment of the adequacy and effectiveness of public expenditure on children. Please also provide information on mechanisms in place to ensure a transparent and participatory budgeting process, in particular one involving the participation of children;
- (c) Ensure that children, especially those in vulnerable situations, are not affected by austerity measures or regressive measures taken in response to the COVID-19 pandemic.

Data collection

7. Please provide information on:

- (a) Progress made in the data-collection system, particularly with regard to different forms of violence against children and adolescents, such as trafficking, sexual exploitation, the use of children in pornographic performances and materials, and chronic malnutrition;
- (b) Progress made in setting up an effective data-collection system on the situation of Afro-Ecuadorian children and Montubio children;
- (c) Advantages and challenges of the move of the National Institute of Statistics and Census under the aegis of the Office of the President of Ecuador for the purpose of collecting disaggregated data on the rights of children.

Dissemination, awareness-raising and training

8. Please provide information on measures taken to:

- (a) Increase awareness among children, parents, extended family, caregivers, members of the media and professionals working with and for children, of the Convention and the Optional Protocols thereto, with an emphasis on the recognition of children as rights holders and their protection from all forms of violence;
- (b) Provide systematic basic training and continuing education for professionals working with and for children, including personnel of national and local public authorities, law enforcement officers, teachers, health personnel, social workers and personnel of childcare institutions, on their responsibilities under the Convention.

Independent monitoring

9. Please provide information on measures taken to establish a child rights monitoring mechanism within the Office of the Ombudsperson mandated to propose legislation and policies on children's rights and to receive and investigate complaints by children of violations of their rights.

Children's rights and the business sector

10. Please describe the measures taken to establish a clear regulatory framework for companies under the State party's jurisdiction, in particular in the oil and mineral sectors, to ensure that their activities do not negatively affect human rights or endanger environmental or other standards, especially those relating to children's rights.

B. General principles (arts. 2–3, 6 and 12)

Non-discrimination

11. Please provide information on measures to ensure full protection against discrimination, including to:

- (a) Address disparities in access to education, health services and a minimum standard of living by children belonging to indigenous peoples and nationalities, Montubio children, Afro-Ecuadorian children, children with disabilities and children of families living in poverty;
- (b) Eliminate patriarchal attitudes and gender stereotypes that discriminate against girls in all areas of life, including de facto discrimination against pregnant girls and adolescent mothers in education;
- (c) Adopt clear guidelines for public authorities aimed at ensuring non-discrimination against children on any grounds and combating stigma against children of single-parent families, children born to persons deprived of their liberty, children in families composed of same-sex couples, and lesbian, gay, bisexual, transgender and intersex children and adolescents.

Respect for the views of the child

12. Please provide information on:

- (a) The rules and procedures adopted by the judicial and administrative authorities to guarantee the right of the child to be heard in any decision affecting her or him, including in civil and criminal courts, migration and asylum-seeking processes, and institutionalization;
- (b) Measures in place to guarantee the right of the child to be heard, in particular with regard to the drafting of legislation impacting children, including the draft organic code for the comprehensive protection of children and adolescents, alternative care placement and the development of climate change policies;

(c) Training for all relevant professionals, in particular teachers and child rights representatives, on the right of the child to be heard, and the measures taken to promote and enhance the participation of children at school;

(d) Efforts to address norms, harmful beliefs and attitudes that discourage children's active participation in society, the family, school, and social and judicial settings.

D. Civil rights and freedoms (arts. 7–8 and 13–17)

Right to identity and birth registration

13. Please inform the Committee about measures taken to:

(a) Ensure birth registration of children in rural, coastal and border areas in the provinces of Guayas, Manabí and Esmeraldas;

(b) Protect the child's right to identity, and prevent de facto and/or legal amendment of the identity names of children, in particular as regards the Organic Law on Management of Data and Civil Information.

Freedom of association and peaceful assembly

14. Please describe measures taken to promote, protect and facilitate freedom of association and peaceful assembly of children, including the withdrawal of laws and regulations that allow for sanctions in connection with the exercise of the right to freedom of association and peaceful assembly. Please also indicate if there is an official protocol on how to deal with children in the context of public demonstrations and if a related complaints mechanism has been created.

Access to appropriate information

15. Please describe the measures taken to:

(a) Improve digital inclusion for children, especially those who live in remote and rural areas, children with disabilities, children belonging to indigenous peoples and nationalities, Afro-Ecuadorian children, and migrant, refugee and asylum-seeking children;

(b) Protect children and adolescents from violence and harmful information and products in the digital environment.

E. Violence against children (arts. 19, 24 (3), 28 (2), 34, 37 (a) and 39)

Freedom of the child from all forms of violence
