Recalling the Committee's previous recommendations (CEDAW/C/BLZ/CO/4, para. 12) and in the light of the indication in the State party's report (para. 46)<sup>1</sup> that it remains difficult and costly for women to access legal services and aid, please indicate what measures the State party is putting in place to address this issue and to enhance women's legal literacy, awareness of their rights and capacity to effectively claim their rights.

3. Please provide information on awareness-raising and training programmes that have been put in place to ensure that a gender-sensitive approach is applied in family law cases and in the treatment by the court system of survivors of gender-based violence, sexual minorities and other vulnerable individuals.
