^b The State party was reviewed in the absence of a report at the twenty-sixth session of the Committee. ^c The State party was reviewed by the Committee in the absence of a report at its twenty-eighth session. At the same session, Saint Vincent and the Grenadines was requested to submit its combined initial and second periodic reports. 5. Consideration of reports submitted by States parties under article 73 of the Convention

At its fortieth session, the Committee will consider the fourth periodic report of Mexico (CMW/C/MEX/4), the second periodic report of the Niger, the combined initial and second periodic reports of Jamaica and the combined initial to third periodic reports of Belize. It will adopt concluding observations on the reports.

The Secretary-General has informed the States parties concerned of the dates on which their reports are scheduled for consideration by the Committee, in accordance with its provisional programme of work.

At its fourteenth session, the Committee established a simplified reporting procedure, which consists in the preparation and adoption of a list of issues and the transmittal thereof to the State party concerned prior to the submission of its report. The replies of the State party to the list of issues constitute its report under article 73 (1) of the Convention. In order to support an increased use of the simplified reporting procedure by States parties, the Committee decided, at its thirty-fourth session, that the procedure would be implemented on an opt-out basis, rather than an opt-in basis, whereby the simplified reporting procedure under rule 33 (2) of its rules of procedure is henceforth the default procedure and the traditional reporting procedure the exception. The Committee will therefore adopt a list of issues prior to reporting for any State party to the Convention that has not explicitly requested use of the traditional reporting procedure, after States parties have been duly informed of the decision taken by the Committee. At its fortieth session, the Committee will adopt lists of issues prior to reporting in respect of Ecuador, Fiji and Guinea, and a list of issues in relation to the third periodic report of Tajikistan.

6. Methods of work of the Committee

The Committee recalls that at their thirty-sixth annual meeting, held in New York from 24 to 28 June 2024, the Chairs of the treaty bodies made progress in aligning the working methods of the Committees, including with respect to the simplified reporting procedure and the proposed advisory mechanism for harmonization.

At its future sessions, therefore, the Committee will discuss its methods of work, the harmonization of the treaty bodies' working methods and other issues arising from General Assembly resolution 68/268 on strengthening and enhancing the effective functioning of the human rights treaty body system.

7. Promotion of the Convention

The Committee will discuss its involvement in and support for various events and initiatives in promotion of the Convention, including meetings with stakeholders, days of general discussion and the preparation of general comments.

8. Adoption of the annual report

In accordance with article 74 (7) of the Convention, the Committee submits an annual report to the General Assembly on the implementation of the Convention.

The Committee will have before it for adoption a report on its thirty-ninth and fortieth sessions.
